

“Attention to the Master”

*When I give my attention to the Master,
and I see Him only in my distress
there’s a peace that overwhelms me
and then I seem to be my best!*

*But when I look at the trial of despair,
that I’m going through all around
I begin to sink under the load
because Satan attracted me to his sound.*

*But Jesus said, “It’s by faith
and not by sight,
I want you to live by
so come aside my child
and in my green pastures lie.”*
